CENTRAL KENTUCKY MERCHANTS COMING ON BOOSTER TRIP

Arrangements Being Made to Care for at Least 100 Visiting Merchants the First of Next Week in Maysville.

Secretary George Kirk is today making arrangements to entertain to Mayaville on next Monday at least 100 visiting Central Kentucky business men who are on an automobile tour through the Bluegrass section of the state to cultivate a closer co-operation between all merchants in Kentucky. The party will arrive in Maysville late Monday afternoon and spend the evening in this city leaving Tuesday morning for other points.

Eighty-three already have signed up for the junket and at least 100 are expected to be signed up by Monday. Winchester, Mt. Sterling, Sharpsburg, Flemingsburg, Maysville, Carlisle, Milersburg, Paris, Cynthiana and Georgetown will be visited.

The path-finders will go over the route, inspect the roads, make up a time table and arrange for meals.

The slogan of the trip will be "Good Roads, Good Kentuckianism and Good Fellowship."

Some of the features carried by the "boosters" are a speakers' bureau, a band of music, community singing and special entertainment "stunts." There will be no trade solicitation and advertising vehicles are barred. The entire party will travel in touring cars, labelled with uniform signs boasting Central Kentucky.

Citizens in each community visited during the two-day trip will be invited to join the party and help promote Central Kentucky development. This will be the theme of all speeches and songs unlimbered on the trip.

This is the second trip of the kind launched by the Lexington commercial organization. Communities south of Lexington were visited last week.

NINE GRADUATES TO RECEIVE DIPLOMAS AT MINERVA HIGH

Hon. Joseph Severance, of Louisville, Will Make Commencement Address at Minerva High School on Friday Evening.

The Minerva High School will hold its annual Commencement exercises Friday evening, beginning at 8 o'clock, in the old Baptist church, at Minerva.

At that time the annual commencement address will be delivered and nine young people, the largest class in several years, will receive diplomas of graduation from high school.

The Minerva High School Orchestra during the evening will make its initial bow to the public, it being scheduled on the program for one or two numbers.

The Minerva school authorities never spare time, pains or money in securing a speaker of the highest ability for this occasion. Those who attend the Minerva commencement Friday evening will have the opportunity to listen to one of the most affluent and one of the most entertaining speakers that ever graced a commencement platform in Mason county.

The speaker of the evening will be Mr. Joe Severance, of Louisville, who has been engaged for this summer by the Redpath Chautauqua for work on its Eastern circuit. Mr. Severance has had a broad experience in lecture work, having addressed audiences large and small in nearly every state in the Union. He is at his best in impersonative story-telling, and he never fails to make a point with his story.

Mr. Severance was heard at Maysville this winter while engaged in some special campaign work under the auspices of the State Young Men's Christian Association, and those who were so fortunate as to hear his address implored the school authorities to secure his services as commencement speaker, if possible. Fortunately, Mr. Severance consented to come to Maysville for the address Friday evening.

Mrs. Chas. G. Steen, of Augusta, one of the best violinists in the state, has been secured for a violin solo, which, of itself, will be well worth the attendance of the public.

The graduates, all of whom have been consistently good students, and who deserve the highest honors that can be paid high school graduates, are: Miss Tenie Frances Weaver, daughter of Mr. and Mrs. Fraze Weaver, of Maysville; Miss Jeannette Fox, daughter of Mr. and Mrs. L. T. Fox, of Dover; Miss Hazel Clift, daughter of Mr. and Mrs. Harlan Clift, of Augusta; Miss Julia Lunsford, the daughter of Mr. and Mrs. Frank Lunsford, of Dover; Mr. Charles Fox, son of Mr. and Mrs. Arthur Fox, of Dover; Mr. Franklin Fulton, son of Mr. and Mrs. George Fulton, of Dover; Mr. Elza Lee Boyd, son of Mr. and Mrs. Albert Boyd, of Dover; Mr. Loren B. Fite, grandson of Mr. and Mrs. William Biggers, of Augusta; Mr. John Henry Adams, son of Mr. John A. Adams, of Maysville.

Mr. Boyd was well known in Maysville and Mason county. He was long connected with the produce business in Flemingsburg.

INFIRMARY SITE CONSIDERED FOR COUNTRY CLUB LOCATION

Site of the Present County Infirmary May Be Purchased By Maysville Country Club.

It is understood that the members of the Maysville Country Club are now seriously considering purchasing from the county that part of the county poor farm upon which the infirmary buildings are now located together with the large field which has been recently used as a circus grounds for the location of the Country Club.

The committee of nine authorized by the club to make the necessary preliminary arrangements is now making thorough investigations into the matter and it is understood that they are very much pleased with the prospects of the location.

The building now used as the Superintendents' home could be made into an attractive club house while some of the cottages now used for the inmates could be repaired and made into cottages for rent to members of the club who might desire to spend a few days there during the summer. The grounds, it is understood, are proper for golf links, tennis courts, etc., while there is a good fishing shore at the front of the property.

Should the Country Club purchase this part of the County Poor Farm, it is understood that the Commissioners would move the Infirmary into the large field facing the Mt. Carmel pike east of the Infirmary lane and that a new building would be erected large enough to properly house all inmates under one roof.

FARMERS FORM BIG CORPORATION FOR HANDLING BUSINESS

Mason and Lewis County Farmers Lease Carr Property and Organize Corporation With Wide Powers In Their Charter.

Contracts were signed this afternoon by Messrs. John R. Downing, T. A. Tugle and R. E. Newell with Mrs. Amelia A. Carr and Mr. R. A. Carr whereby the first named gentlemen, representing a corporation now in the process of formation, leased from Mrs. Carr and her son their business property in East Fourth street except that Mr. Carr reserves the Magnolia Flour Mills but retires from the retail business entirely, the new company taking over the retail flour, feed and coal business he now enjoys.

These three gentlemen are the incorporators of a new company whose charter has been drawn and which will be filed soon. The new corporation has grown out of the Mason County Farm Bureau and will be known as The Mason-Lewis Company. It will be incorporated with a capital stock of \$25,000, and this capital will be divided into 250 shares of \$100 each. The stock will be offered for sale only to members of either the Mason or the Lewis County Farm Bureaus. The highest amount of indebtedness the company may at any one time incur is placed at \$25,000 and the officers will be elected at a meeting soon to be held.

The charter which the company will seek of the Secretary of State gives them unusually wide powers. Under it they will be authorized to manufacture buy sell and generally deal in coal, oil, salt, grain of all kinds and other kinds of produce and the products thereof and to engage in the publishing of newspapers, magazines and other periodicals and in connection therewith to carry on the business of printers, bookbinders, stationers, etc., and any other such business as may be convenient or necessary.

This new corporation at present plans to deal in lime, coal, feeds, seeds, cement, etc., and Mr. R. E. Newell, one of the incorporators, will probably be the manager. The corporation takes over the selling and buying end of the farmers which has been handled recently direct through the Farm Bureau and will therefore give that organization and the County Agent greater time to spend in educational work in the county.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.
Junior Red Cross.

Early in the participation of the United States in the world war, the American Red Cross perceived the value of mobilizing the school children of the country and the Junior Red Cross was organized. Before the war ended nine million children were enrolled and helped in the war fund and membership campaigns, in chapter production of relief supplies and manufacturing furniture for the refugees whose homes and household goods were destroyed.

Children everywhere in the United States responded to the call to service sounded by President Wilson as head of the American Red Cross. This photograph is that of an enthusiastic young Japanese member of the Junior Red Cross of Spokane, Wash., starting out on the ambitious undertaking of collecting "a mile of pennies" for war relief. A comprehensive peace program is now being worked out for the Junior Red Cross, which is being held intact.

Columbus, O., May 18.—Release of 1,000 cases of whisky, said to be worth \$125,000, and seized at Delaware, near here, yesterday, was forecast early today by dispatches from Frankfort, Ky., stating that the liquor had been purchased in that city and that all Federal regulations were complied with. The liquor was held up yesterday by officers and brought here pending examination of permits in the hands of drivers of seven motor trucks, on which the whisky was being moved. The whisky is being shipped overland from Frankfort to Summit Hill, Pa., by a Covington (Ky.) transfer company. The liquor was guarded by eighteen armed men, who rode in automobiles beside the trucks when the seizure was made.

M. C. RUSSELL COMPANY

They used to call a man a "sport" when he bought an automobile

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about what he was getting in return.

II

When a man buys a tire nowadays he has a pretty definite idea of what he expects to get out of it.

The dealer who sells him one that gives him less than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and recommend them to the

motorists of this community.

III

The U. S. reputation for quality is not built on any one tire.

There is not one standard for large U. S. Tires and another standard for small ones.

Every tire that bears the name "U. S." is built the best way its makers know how to build it. The oldest and largest rubber concern in the world cannot afford to play favorites in seeking its public.

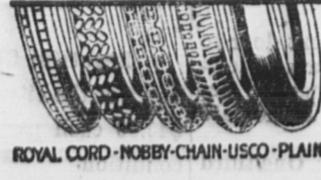

IV

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

"Long Distance to the Earth,
Please"

The newspapers have been telling lately of mysterious and unexplainable signals being received by many wireless stations—

Some think it possible that inhabitants of some other planet—probably Venus or Mars—may be trying to communicate with the earth—

But, personally, we doubt it—

Because everybody knows that if anybody on Mars or Venus or any other planet wanted to talk in a hurry to anybody on the Earth, they would naturally

HIGH SCHOOL ALUMNI MEETING.

At the Alumni meeting last night at the High School very little business of importance was transacted. The Senior class had not fully decided as to a banquet and a decision was postponed until the entire class would be together which will be some time the last of the week. The dance committee reported they had obtained Montague & Garr's Orchestra, of Lexington, to furnish music on the night of June 11.

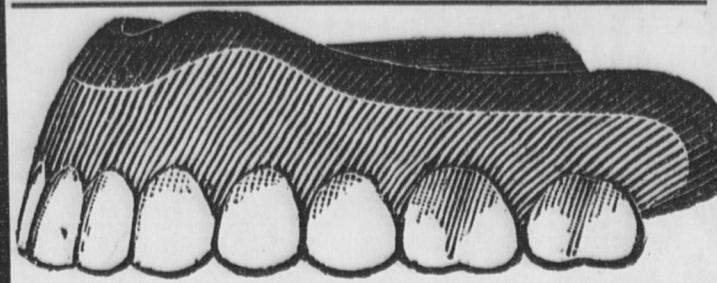

The Alumni challenged the High School to a baseball game to be played on May 31st, and it was accepted.

BURLEY OUTLOOK IS GOOD, SAYS CANTRILL

Congressman Commenting on Government Report Says Good Prices Are Indicated.

Washington, May 19.—That the report of the Census Bureau on the amount of tobacco in the hands of the dealers and manufacturers, made public Tuesday by the Department of Commerce under the provisions of the Cantrill Act, is, "in the main, encouraging to the growers of tobacco," was stated here Tuesday by Congressman J. Campbell Cantrill. Continuing, Mr. Cantrill read:

"The report shows that of all types of tobacco in the United States, there are today 37,000,000 pounds less in the hands of manufacturers than there was a year ago, and, almost without exception, the stocks of every different type of tobacco are reduced below what they were a year ago. With special reference to the Burley type of tobacco there are 5,000,000 pounds less in the hands of the dealers and manufacturers than there was April 1, 1919, and, so far as this particular type is concerned there is every reason for encouragement for a good price this coming season."

It is true that of some types of tobacco, especially in Western Kentucky, the stocks of last year's crop are mainly in the hands of farmers, owing to the failure of foreign countries to buy their tobacco. Most of this type of tobacco is exported to Europe, and European countries are in such dire financial distress that they have been unable to buy a good portion of the Western Kentucky tobacco.
